Pet: FidoOwner: Some Guy

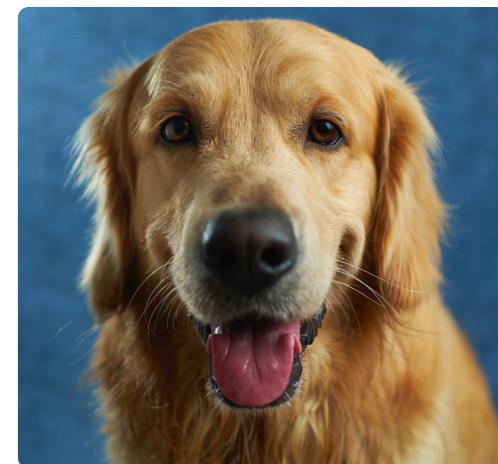

Special requests:

Let's do that again. Son of a gun.  
Anything you want to do you can do  
here. Let all these little things happen.  
Don't fight them. Learn to use them.  
You can create the world you want to  
see and be a part of. You have that  
power.

Caretaker: Care Taker

Caretaker notes:

If you overwork it you become a cloud  
killer. There's nothing worse than a  
cloud killer. Each highlight must have its  
own private shadow.
